SCORING IN THE EVENT OF A TIE – TEAMS *[applies to INDIVIDUALS too]*

Taking the best 4 races, if one team finished higher 3 times, that team won. If both teams finished higher twice, the positions of the last counting runners in each of the 4 races determined the winning team. For vet teams the positions gained in the vet race are used. *(Last counters are shown after the points.)*

The number of achievable points was determined by the number of competing teams. For example, there were 54 Senior Mens teams in Match One, 10 of whom are in Division One leaving 44 for Division Two. Forty-four was, therefore, the number of points awarded to the first team. Fewer teams competed in subsequent matches but the attainable points remained the same.
