SCORING IN THE EVENT OF A TIE – TEAMS [applies to INDIVIDUALS too]

Taking the best 4 races, if one team finishes higher 3 times, that team wins. If both teams finish higher twice, the positions of the last counting runners in each of the 4 races will determine the winning team. For vet teams the positions gained in the vet race are used.

(Last counters are shown after the points.)

The number of achievable points is determined by the number of competing teams. For example, there were 54 Snr Mens teams in Match One, 10 of whom are in Div One leaving 44 for Div Two. 44 is therefore the number of points awarded to the first team. If more teams finish in subsequent matches, the number of points will be changed accordingly and the previous match points will be updated. If fewer teams compete, the points do not change.
