NB: In the event of a tie: where one of the teams has completed five races and the other team four, the team with five races wins; where both teams have the same number of races, looking at each race, the team whose last runner is closest to the winner determines the winning team.

(For U11s it's four & three races.)

The number of achievable points is determined by the number of competing teams. For example, there were 45 Senior Mens teams in Match One but 49 in Match Two, ten of whom are in Division One leaving 39 for Division Two. 39 is therefore the number of points awarded to the first team. If more teams finish in subsequent matches, the number of points will be changed accordingly and the previous match points will be updated. If fewer teams compete, the points do not change.
